

GORREPATI SAI ASISH

+91 9550172080 · saiasish16@gmail.com · LinkedIn · GitHub

Objective

Driven B.Tech CSE (AI-ML) student with a strong foundation in Machine Learning, Artificial Intelligence, Python, and data-driven problem solving. Passionate about transforming data and innovative ideas into practical, intelligent solutions. Seeking opportunities to apply my technical knowledge through real-world projects and challenging problems. Aspiring to grow into an efficient Machine Learning Engineer while creating meaningful and scalable AI solutions.

Education

DRK Institute of Science and Technology, Hyderabad	2023 – 2027
B.Tech in Computer Science and Engineering (AI-ML)	CGPA: 7.0
Naraya Junior College, Hyderabad	2022
Board of Intermediate	Percentage: 90.1
Naraya E-Techno School, Hyderabad	2020
Secondary School Certificate	CGPA: 10.0

Technical Skills

Programming Languages: Python, Java, C, SQL, JavaScript

Web Technologies: HTML, CSS

Databases: MySQL

Libraries / Frameworks: NumPy, Pandas, NLTK, Scikit-learn, Matplotlib

Tools: Git, GitHub, Docker, Visual Studio Code, LaTeX, Anaconda

Soft Skills: Teamwork, Communication, Problem Solving, Quick Learner

Projects

Automated Resume Job-Matching System	Dec. 2025 – Mar. 2026
- Developed an AI/ML-based resume job-matching system using NLP techniques such as tokenization, stop-word removal, and normalization. - Implemented TF-IDF and Cosine Similarity to extract candidate information and generate relevance scores against job descriptions. - Automated candidate shortlisting by matching resumes with job requirements, helping reduce manual screening effort. Technologies: Python, NLP, TF-IDF, Cosine Similarity, Machine Learning	
Low-Light Image Enhancement (Zero-DCE)	Jun. 2026 – Jul. 2026
- Developed a deep learning model for low-light image enhancement to improve visibility across 1000+ images from LOL/DarkFace datasets. - Reduced training loss from 6.54 to 1.09 and achieved real-time inference of approximately 200 ms/step on Tesla T4 GPUs. Technologies: Python, Deep Learning, Zero-DCE, LOL/DarkFace, GPU Computing	

Certifications

Introduction to Generative AI Studio - Google Cloud	2026
Power BI for Beginners - Microsoft	2026
Data Analyst 101 - Microsoft	2026
